<sup>1</sup> The proposed budget set forth herein is based on the following assumptions: (i) no additional title III cases or adversary proceedings will be commenced during the budget period; (ii) no plan of adjustment will be filed during the budget period; (iii) no adversary proceedings will require discovery and trial preparation; and (iv) all adversary proceedings in which the Committee has intervened and/or sought to intervene will only involve briefing and hearings on motions to dismiss. Thus, this proposed budget may be materially different from the work actually performed. For instance, discovery disputes may lead to extensive litigation. Similarly, the Committee may need to respond to motions that are not and cannot be anticipated. At this time, the proposed budget is speculative.

<sup>2</sup> The firm charges one-half a timekeeper's normal billing rate for any time incurred on account of non-working travel.

<b><i>MINUS 20% REDUCTION<sup>4</sup></i></b>	<b><i>(\$213,169.20)</i></b>
<b>TOTAL ESTIMATED FEE (NET OF REDUCTION)</b>	<b>\$852,676.80</b>

<sup>3</sup> The Total Estimated Fees are calculated based on a \$1,018 blended hourly rate for the Paul Hastings attorneys who are expected to work on this matter during the period from June 1, 2020 through June 30, 2020. The impact of the agreed-upon 20% end of the case write-off on the blended hourly rate cannot be calculated at this time. However, for illustrative purposes only, the blended hourly rate, after accounting for the 20% end-of-the-case reduction, would be approximately \$814.

<sup>4</sup> For illustrative purposes only. Indeed, pursuant to the order authorizing the Committee's retention of Paul Hastings LLP [Docket No. 999], Paul Hastings can designate the precise fees to be waived to attain the 20% overall reduction in total fees in connection with the final fee application process. In other words, Paul Hastings could designate its entire final fee application as the source of this reduction (which it does not intend to do) or a combination of reductions across other fee applications (which is one more likely scenario).
